

The „small“ solution

- Change money: Banknotes and coins to coins
- Highly reliable cash processing
- Minimum space requirement
- 7-inch TFT Touch colour display

Money changing systems | Cash handling and payment systems
Cash machine systems | Service machines
Customer-specified solutions

The „small“ solution

- **Minimum space requirement**
Small, compact solution with the full functionality of a „large“ money changing system. Accepts banknotes and coins and dispenses up to two coin types (including tokens).
- **High payout security**
High degree of security in the validation, processing and payout of coins and banknotes thanks to our proven system components.
- **7-inch TFT Touch colour display**
for a simple, interactive operation.
- **Solid workmanship**
 - Steel plate housing 2 mm
 - Four-point locking and security lock
 - High-quality and durable black finish

Hard- and Software

- **Internal PC control**
based on Linux. An uninterruptible power supply ensures a backup during a power failure.
- **Web browser technology**
Thus software settings from anywhere in the world are possible.
- **Various setting options via the web interface:**
Calling up statistics, viewing log data, resetting faults, cashing, sending emails and more.
- **Network technology**
Wireless connection is possible via WiFi and UMTS (optional).
