Customer-specified solutions

The perfect solution for self-service wash bays and other car washes.

The WGS 110 backloader is an extremely compact money changer. It can be installed anywhere that requires up to two separately defined coins in outdoor areas.

- **The WGS 110 changes banknotes and coins into coins and tokens.**
This machine achieves a high standard of reliability in checking, processing and dispensing.
- **A key feature of the WGS money changers for self-service car washes is the simple handling with maximum security in an outdoor enclosure.**
- **Banknote validator that accepts all Euro banknotes**
and has a lockable banknote cashbox for approx. 300 notes
- **Simple filling and cashing from the rear**
and quick access to technical aspects thanks to pull-out drawers.
- **Electronic coin validator that accepts all Euro coins**
- **Coin recycling of 1 coin value**
all other coins are held in a coin cashbox
- **Dispenses 2 coins or metal tokens**
- **High coin capacity**
2 hoppers enable a maximum capacity of approx. 4,800 EUR. Service-friendly filling of the hoppers thanks to mounting on pull-out drawer.
- **Thermal printer**
for customer receipts and statistics.
- **Integrated illuminated lettering**
reading „Change“

Hardware and software

- **7" TFT colour display**
For simple interactive user navigation.
- **Internal PC control**
With a Linux-based application. An Uninterruptible Power Supply (UPS) ensures data backup during a power failure.
- **Web-browser technology**
Software settings possible from anywhere in the world.
- **Various setting options via the web interface:**
Calling up statistic-reports, viewing log data, resetting faults, E-Mail notification of events and many more
- **Network technology**
Wireless link via WiFi and UMTS possible.
